Oregon Leather Pride Committee History

In September 2003, a group of leather community leaders came together to discuss Leather Pride Week, which had been in existence since 1989.

As a result of that initial meeting, the Leather Pride Week Committee was formed. Originally starting out with only a handful of members, it has now blossomed into over 11 groups this year, with a total of 24 events spread over 11 days.

Our goal is to have a Leather Pride like no other and to bring the entire community together to celebrate our diversity.

NO ONE DOES IT ALONE!

The OLP2010 Committee would like to thank all of our volunteers, sponsors and supporters who whose diligent work makes the series of events a success.
